Family Unit - Embedded Out-of-Pocket Limit

If you are enrolled in the family unit option, your Plan contains two (2) components: an individual out-of-pocket limit and a family unit out-of-pocket limit. Having two (2) components to the out-of-pocket limit allows each member of your family unit the opportunity to have their covered charges be payable at 100% (except for the charges excluded) prior to the entire dollar amount of the family unit out-of-pocket limit being met. The individual out-of-pocket limit is embedded in the family unit out-of-pocket limit.

The Plan will pay the designated percentage of covered charges until out-of-pocket limits are reached at which time the Plan will pay 100% of the remainder of covered charges for the rest of the calendar year unless stated otherwise.

NOTE: The following charges do not apply toward the out-of-pocket limit amount and are generally not paid by the Plan:

- 1. cost containment penalties
- 2. amounts over the maximum allowable charges
- 3. charges not covered under the Plan
