

## FAQ's re Surveillance Testing of Asymptomatic Employees for COVID-19

---

BSSP and SISC have partnered with Quest Diagnostics to provide asymptomatic/surveillance testing of the COVID-19 virus for employees. While the program is subject to change, here are some frequently asked questions as of November 3, 2020:

### 1. Who will pay for this testing?

- A. Quest Diagnostics will bill BSSP+SISC for employees covered by a BSSP+SISC medical plan. Quest will bill the district for other employees at a cost of \$115 per test ordered.

### 2. How frequently will employees be tested?

- A. Employees will not be tested more frequently than once every 60 days.

### 3. What kind of test is being used?

- A. This is a nucleic acid amplification test (NAAT) approved by the Federal Drug Administration for emergency use authorization. The unobserved test is drawn with self-collected sample from a swab that goes ½"-1" in each nostril. The sample is not heat-sensitive and is stable for testing within 30 days after collection. Here is a video on what you can expect: [www.bit.ly/COVID19selfcollection](http://www.bit.ly/COVID19selfcollection)

### 4. How will the tests be delivered?

- A. The test will be delivered to you in the same manner as you receive mail at your worksite. You may complete the test at work or home.

### 5. How is the test returned to Quest?

- A. Pre-paid shipping via FedEx is included. Employees may drop the sample to any FedEx collection box. Each school site may also provide a collection location and contact FedEx for pickup.

### 6. When will results be available?

- A. Results will be available within two days after the completed test is dropped off to FedEx. Employees will receive a "Results are Ready" email with directions to the Quest Wellness Engine.

### 7. How are results received?

- A. Results will be available through the Quest Wellness Engine portal:
  1. Visit [www.my.questforhealth.com](http://www.my.questforhealth.com)
  2. Log in with the following information:  
Registration key: SISC2020  
UniqueID: Your SSN
  3. In the Results section of your dashboard, select View Results.
  4. You will be able to download a PDF of your results, indicating if you tested positive or negative for COVID-19.
  5. If you test positive, you will receive a call from a PWNHealth physician to prompt appropriate medical follow-up and quarantine.

*If you have questions about viewing your results, contact the Quest Service Center at 1-855-322-2533.*

### 8. What happens if the test provides a positive result?

- A. All employees who receive a positive COVID-19 test result will receive a call from a Quest-designated physician (PWNHealth) to discuss the result and answer any questions. The employee should report the positive test to their district immediately.

### 9. Will Quest report this testing to our local public health department?

- A. Yes, Quest is serving as the required Medical Authority for this program and is compliant with all reporting requirements at both the state and local level.
